DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-11 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claims disclose a "special-purpose functional assembly". It is unclear as to the metes and bounds of this term. In the broadest reasonable interpretation, the term would read upon the instant invention since it is designed for its function specifically.

Claim Rejections - 35 USC § 102

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

4. Claims 1-10 are rejected under 35 U.S.C. 102(a) or (e) as being anticipated by Hilberer.

See Fig. 1.

5. Claims 1-10 are rejected under 35 U.S.C. 102(b) as being anticipated by Beck, Blanz, EP06891 17 or EP0831383.

These documents each show a well known multi-circuit compressed air braking control device for a parking and service brake with an air drier and auxiliary systems.

Response to Arguments

6. Applicant's arguments filed 7/21/05 have been fully considered but they are not persuasive. Applicants argue that the instant invention supplies compressed air directly to the actuators but the prior art does not. The examiner does not agree. The prior art supplies air directly to the parking brake systems. At least at some points in time, the air is directly applied because it is needed.

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
